

PRODUCT DESIGNER • B2B SAAS & AI

Abu Dhabi, UAE | +971 58 262 2844 | afrinshariff99@gmail.com | [linkedin](#) | [Portfolio](#)

Product designer with 3 years of **end-to-end product design** experience as the sole designer at a YC-backed **B2B SaaS startup**. I solve complex, real-world problems by transforming manual enterprise workflows into **intuitive web and mobile experiences** that scale. Shipped products **from idea to launch** used by **50K+ field users** across 450+ enterprise accounts.

EXPERIENCE

Product Designer (Sole Designer)
Fieldproxy Pvt. Ltd (YC W22)

Jun 2023 – Dec 2025
Chennai, India

- Defined and built the design function from scratch as the sole designer, driving the **end-to-end** design for the **0-to-1 rebuild** of Fieldproxy's core FSM platform, replacing fragmented manual workflows with an AI-configurable system trusted by **450+ enterprise teams** and **50K+ field users** globally.
- Redesigned the core enterprise workflow blocking global expansion, enabling new market entry and recovering **~65% of at-risk revenue**.
- Built an **AI-driven UI generation system** that creates interfaces from structured inputs without engineering, cutting development time **40%** and engineering dependency **25%**.
- Built **two dedicated design systems** (web + mobile) with a shared brand foundation but separate component sets, unifying both products and accelerating team shipping velocity.
- Conducted **user research and usability testing** via Mixpanel and PostHog, diagnosing drop-off points and redesigning web and mobile navigation into a linear flow, cutting task steps from 5–10 to **2–3** and lifting adoption from **30% to 65%**.
- Designed the complete **field service workflow** across two products, a web app for dispatch, scheduling, PDF reports, and location tracking, and a mobile app for technicians, deployed across **450+ enterprise accounts**.
- Launched **PDF Hippo**, a standalone Excel-to-PDF converter, generating **\$50K in revenue** and opening a new product line within the ecosystem.
- Partnered with **PM, CTO, and engineers** and ran stakeholder interviews to surface real pain points before they became shipped problems.

Product Designer (Intern)
Acute Angle

Feb – May 2023
Dubai, UAE

- Designed **user flows and information architecture** for an **NFC-enabled mobile app** for seamless contact-sharing.
- Partnered with stakeholders to refine product requirements and contributed to a **shared design system** for consistency across experiences.
